

MEMORANDUM

To: Members, Florida House of Representatives
From: Larry Cretul, Speaker
Date: November 25, 2009
Re: December Calendar Update

This is to provide each of you with the best information I have available about the possibility of a special session in December.

Constructive conversations in recent days have encouraged the hope that a special session on passenger rail may in fact occur. While we have no agreement to do so, if President Atwater and I do convene a session, I expect that it would begin on Thursday, December 3, and end on or before Thursday, December 10. This would complete any work before Hanukkah begins on December 11.

Please be prepared for the House to revise its previously announced December meeting schedule if and when a Proclamation is issued.

I wish you all a joyous and memorable Thanksgiving Day.
